Party+ Summary

- The Party+ Summary page works and looks the same as the TupperConnect Summary page.
- Click on the Share button to invite Guests to the party
- Use the blue shaded referral link to share on Facebook, or the yellow shaded link for creating your own email invitations.

The screenshot shows the Tupperware Party+ Summary page for a user named KATIE. The page title is "TEST PARTY+ PARTY". The main heading is "Welcome to your TupperConnect™ Party+ Party." Below this, there is a message: "You can come back anytime to check the status of your TupperConnect™ Party+ Party, to invite more guests or add comments to your invitation. If you need to make changes to the location or time of your TupperConnect™ Party+ party, please contact your Consultant, MICHELLE DAVIS." The page features several sections: "PARTY DATE" (29 July 2016), "DEMO DATE" (29 July 2016), and "DEMO TIME" (8:00 AM EDT). A "SUMMARY" section shows "\$0.00 Total Sales", "Orders", and "2 Guests invited". A "CONSULTANT" section identifies MICHELLE DAVIS with a "Send Message" button. There are two "REFERRAL LINK" options: a blue shaded link for sharing on Facebook and a yellow shaded link for creating email invitations. A purple arrow points to the "Share" button in the "PARTY DATE" section.

 - Choose TupperConnect if you only want that particular Guest to receive the non-Party+ email invitation
