

Hostess Favorites Game (Great for Getting Dates & Recruits @ Party)

1. Why did our Host date this party today – to have FUN, get FREE Tupperware or spend time with Family & FRIENDS?

2. Which Thank You Gift will our Host choose tonight? (Refer to host page in catalog)

4. When our Host qualifies tonight, will she take the current Host Gift Special (describe) or a Shopping Spree in the catalog? Show and demo HGS

Before asking the next 2 questions, remind the Host not to say anything that would give the answer away...not to even use facial expressions!

4. Who does the Hostess believe will be the first person who is at this party to date a party in order to help the host with her party?

5. Who is the second person she believes will date a party from her party?

6. If I were to give our Host \$1,000 what would she do with it? A) Save it, B) spend it, C) pay bills (that's the amount an average Consultant makes each month – would her answer change if she got another \$1,000 every month or more??)

When all the questions are asked, start with one person and get all the answers for question one, and then ask the Hostess what her answer is.

Give gift to person with most correct answers. Give bunches of tickets or auction \$\$ or gift to those who date a party & get real excited with them!!!
